CALL TO ORDER AND RECORD OF ATTENDANCE: JIM ADAMS, CHAIR, BOARD OF MANAGERS

Mr. Adams called the meeting to order at 2:20 p.m.

INVOCATION AND PLEDGE OF ALLEGIANCE

Mr. Adams introduced Ms. Laura Gonzales-Rodriguez of New Hope Church for the invocation and he led the Pledge of Allegiance.

NEW BUSINESS – ACTION ITEMS:

Mr. Adams asked Dr. Plastino to provide an oral updated regarding the Medical/Dental staff. She reported that daily chest x-rays will no longer be taken while a patient is in the intensive care unit, only when needed. This is a major change to the usual practice and will be rolled out on May 29, 2018. She thanked the Board for their support.

CONSIDERATION AND APPROPRIATE ACTION REGARDING A REAPPOINTMENT TO THE ALAMO AREA COUNCIL OF GOVERNMENTS BOARD OF DIRECTORS – ROBERT ENGBERG, CHAIR NOMINATING COMMITTEE

SUMMARY: In March 2006 the Board of Managers approved: a) the transfer of the Center for Health Care Services Mental Retardation Authority (MRA) role to the Alamo Area Council of Governments (AACOG); and, b) redirection of the Health System’s 10 percent local match from CHCS to the new AACOG MRA. The MRA transition also provided for continued Health System oversight of the new MRA through representation on the AACOG Board. Mr. Hasslocher has been an exceptional representative of the Health System since November 2015; his current appointment will expire June 30, 2018.

RECOMMENDATION: The Nominating Committee recommends the reappointment of Mr. Hasslocher to the AACOG Board of Directors as primary representative, with Robert Engberg serving as alternate appointee, effective July 1, 2018 through June 30, 2020.

ACTION: A MOTION to approve the Nominating Committee’s recommendation was made by Mr. Engberg, SECONDED by Ms. Barrera, and PASSED UNANIMOUSLY.
EVALUATION: Mr. Adams thanked Mr. Hasslocher for his service on this important community Board.

FOLLOW UP None.

CONSIDERATION AND APPROPRIATE ACTION REGARDING PROFESSIONAL SERVICES AGREEMENTS WITH THE FOLLOWING ORGANIZATIONS FOR THE RYAN WHITE PROGRAM, SERVING HIV AFFECTED CLIENTS:

Ryan White (RW) Program funds are administered by the U.S. Department of Health and Human Services, Health Resources and Services Administration’s (HRSA) HIV/AIDS Bureau (HAB). Grant funding is made available through federal funding directly to Bexar County; additional funds are available through Texas Department of State Health Services (DSHS) grants to Bexar County. These grants are provided on a cost-reimbursement basis. On August 9, 2017, the Administrative Agency (AA) and related RW grant funding transferred from Bexar County to Bexar County Hospital District. The AA administers funds by contracting with health care providers and non-profit agencies to provide services to affected individuals. Contracts below will facilitate access to medical care for HIV/AIDS affected patients residing in the San Antonio Transitional Grant Area, to include the following counties: Bexar, Comal, Guadalupe and Wilson; and Health Service Delivery Area of San Antonio which includes: Atascosa, Bandera, Bexar, Comal, Frio, Gillespie, Guadalupe, Karnes, Kendall, Kerr, Medina and Wilson. The Alamo Area Resource Center (AARC) was founded in 1990 to assist in meeting needs of individuals who face life threatening diseases, including but not limited to HIV in Bexar County and surrounding areas. The San Antonio AIDS Foundation (SAAF) is a 501(c)(3) non-profit corporation founded in 1986. They offer a full range of services throughout Bexar County and 11 surrounding South Texas counties.

CONSIDERATION AND APPROPRIATE ACTION REGARDING AN AGREEMENT WITH PEDIATRIX MEDICAL SERVICES, INC. TO PROVIDE PEDIATRIC AND NEONATOLOGY SURGICAL SERVICES – ALLEN STRICKLAND

SUMMARY: University Health System and the Pediatric Department, School of Medicine, UT Health San Antonio, work together to provide and meet patient demand for pediatric health care services in Bexar County. The current agreement with Pediatrix expires June 30, 2018. Health System leadership, working in conjunction with UT Department of Surgery leadership, has determined that it is necessary to enter into a new agreement with Pediatrix to continue providing their specialized services due to our complex pediatric and neonatal surgical patients. This agreement with Pediatrix will ensure that the Health System maintains access to the highest quality pediatric and neonatal surgical coverage. The cost of this contract is $650,000 per year for pediatric surgical coverage and $150,000 per year for neonatal surgical coverage for a total of $800,000 per year. This is a planned expense and is included in the 2018 operating budget. This agreement supports our strategic goal of expanding pediatric and neonatal
surgical services and the pediatric and neonatal service lines at University
Health System. The workforce composition for Mednax Services, Inc.,
(including its subsidiaries Pediatrix Medical Services, Inc.), was provided
for the Board’s review

RECOMMENDATION: Staff recommends Board of Managers’ approval to execute a contract with
Pediatrix Medical Services, Inc., for specialized pediatric and neonatal
surgical services at a cost of $800,000 for the year ending June 30, 2019
with an option to renew for an addition one year period under the same
terms and conditions.

ACTION: A MOTION to approve staff’s recommendation was made by Mr. Hasslocher, SECONDED by Mr. Smith, and PASSED
UNANIMOUSLY.

EVALUATION: None.

CONSIDERATION AND APPROPRIATE ACTION REGARDING AN AGREEMENT WITH UT
HEALTH SAN ANTONIO FOR PROFESSIONAL ORTHOTIC AND PROSTHETIC SERVICES
THROUGH THE DEPARTMENT OF REHABILITATION MEDICINE – ALLEN STRICKLAND

SUMMARY: Since 2008, orthotic and prosthetic devices have been custom designed and fit
to individual patient specifications by the UT Health San Antonio Department
of Rehabilitation Medicine. They consist of spinal support, upper and lower
extremity bracing and supports, shoe wear, and prosthetic devices to allow
early mobilization of the patient and efficient discharge from the hospital.
The purpose of this agreement is to continue to secure prosthetic and orthotic
services for Health System inpatients who are either uninsured or whose
insurance will not pay for the devices due to their inpatient status. These
services include the actual appliances as well as the services of certified
orthotists. These prosthetic and orthotic devices are essential for stabilization,
proper recovery, and timely discharge following surgical procedures and/or
injury and disease processes. Select devices also assist in preventing the
diabetic patient from developing foot and leg ulcerations. The cost of this
contract is $325,000 per year. This is a planned expense and is included in
the 2018 operating budget. Significant savings are achieved by reducing
the length of stay of approximately 400 patients per year who would be
required to stay in the hospital but for the application and use of these
devices. The workforce composition for UT Health San Antonio was
provided for the Board’s review.

RECOMMENDATION: Staff recommends Board of Managers’ approval to execute an Agreement
with UT Health San Antonio through its Department of Rehabilitation
Medicine for the provision of orthotic and prosthetic services at a cost of
$325,000 per year, with an option to renew for an additional one year
period under the same terms and conditions.

ACTION: A MOTION to approve staff’s recommendation was made by Mr. Engberg, SECONDED by Mr. Smith, and PASSED UNANIMOUSLY.

CONSTRUCTION COMPANY FOR THE ROBERT L.M. HILLIARD CLINIC - DON RYDEN

SUMMARY: On May 24, 2016, the Board of Managers approved the selection of Turner Construction Company to provide construction management at risk services for the Robert L.M. Hilliard Clinic. A Selection Committee comprised of staff from Facilities Development, Ambulatory, and Information Technology evaluated the firms that responded to the request for proposals (RFP). The overall budget for this project was approximately $8.1M. The majority of the scope of work was completed under a series of Guaranteed Maximum Pricing packages (GMP) for a total contract value of $5,839,434. Ten change orders occurred during the project to address various modifications or clarification in plan design specifications. The most significant change in scope was the addition of a canopy at the main entrance at a cost of approximately $297,000. The canopy addition was necessary to provide safe patient access during inclement weather. Amendment No. 4 summarized the total cost of the ten change orders at $453,785. This amount represents approximately 7.8% of the original contract value. The original contract amount was for $5,839,434, amount requested with this item is $453,785, for a revised contract amount of $6,293,219.

Overall Total Project Budget (including design, construction, medical equipment, FF&E, I.T.)

Final Project Costs $8,428,632
Original Project budget $8,183,851
Net Difference $244,781 (2.9%)

Turner Construction Company performed the work in association with Straightline Construction Management and exceeded its target of 35 percent for SMWVBE participation.

RECOMMENDATION: Staff recommends Board of Managers’ approval of Amendment No. 4 to the Construction Manager at Risk Services contract with Turner Construction Company in the amount of $453,785.

ACTION: A MOTION to approve staff’s recommendation was made by Mr. Hasslocher, SECONDED by Ms. Barrera, and PASSED UNANIMOUSLY.

SUPPLIER DIVERSITY REPORT FOR THE ROBERT L.M. HILLIARD CLINIC – ANTONIO CARRILLO/TRAVIS SMITH

SUMMARY: Mr. Carrillo introduced and yielded the floor to Ms. Winga Manning, the Health System’s Supplier Diversity Coordinator. The Robert L.M. Hilliard Center officially opened its doors to the community on January 20, 2018, with a goal to improve the health of those living and working in neighborhoods east of downtown. An African American A&E firm, KAI-Alliance, was selected to provide the programming and design services. Turner Construction, the project’s prime construction partner agreed to a SMWVBE subcontracting target of 35 percent. The robust presence of SMWVBE suppliers in the Hilliard Clinic project reflects the Health
System’s unwavering commitment to the community. The total budget for Hilliard Clinic was $8,428,632. Total SMWVBE spend, including Tier II was $3,841,638, reflecting 46 percent of total budget. The prime construction company, Turner Construction, committed to a 35 percent SMWVBE subcontracting target. Turner Construction achieved 40 percent SMWVBE participation of its subcontracting which equates to $2,499,982 of the total $6,293,219 construction spend. The achievement exceeds the opportunity provided within the Sky Tower project which attained 38 percent in SMWVBE subcontracting spend.

**DELIVERY SYSTEM REFORM INCENTIVE PAYMENT PROGRAM (DSRIP) 2.0 – ED BANOS/ROBERTO VILLARREAL, M.D./MONIKA KAPUR, M.D.**

**SUMMARY:** The original DSRIP structure was in place through September 30, 2017, and is internally referred to as DSRIP 1.0. Dr. Villarreal provided the Board of Managers with details pertaining to the five year extension of the DSRIP program, which has been approved by CMS for the period of October 1, 2017 through September 30, 2022. This extension period coincides with Demonstration Years DYs 7-11 and is internally referred to as DSRIP 2.0. DSRIP 2.0 represents the evolution from project specific healthcare transformation to system-wide healthcare transformation, and focuses on improvement of health outcomes. The Health System has 33 outcome measures with goals and incentives linked to Medicaid/Uninsured Population. DSRIP 2.0 is organized into four categories with each category allocated a percentage of the total financial incentive per year:

Health Outcomes - Highest percentage of incentive, organized into measure bundles, Medicaid / Uninsured Population. To satisfy the requirements of Category C (Measure Bundles), the Health System is required to select system-level outcome measures and achieve measure goals specific to the Medicaid Low Income Uninsured population, which is the DSRIP program’s target population. DSRIP 2.0 organizes measures into Measure
Bundles, which are groupings of measures that share a unified theme, apply to a similar population, and are impacted by similar improvement activities. The Health System has selected the following:

Dr. Villarreal provided the following diabetes bundle example:

**Health outcome/measure:** Comprehensive diabetes care - foot exam

**Health outcome’s intent:** Increase percentage of adult diabetic patients (type 1 and 2) who receive foot exam

**Baseline year:** 2017 – 50 percent

Oversight of the Health System’s DSRIP 2.0 projects is provided by George Hernandez and Edward Banos. Dr. Villarreal is responsible for program management, report development, report validation, serves as HHSC’s primary point of contact, and coordinates communication and activities among departments. Dr. Monika Kapur, in conjunction with assigned executive/director representatives, is responsible for driving activities to successfully meet measure outcome goals.
